Dear Sir,

Thank you for your interest in performing work under contract to Saudi Aramco. Your file now contains the required registration information.

Attention: To whom it may concern.

Dear Sir,

Please be informed that Falcons International Corporation have been employed within the above named project since 9th January 2011 as a sub contractor on various work items. Initially Falcon commenced work carrying out substructure and superstructure RC works and have progressed to block masonry and plastering works to which all are currently still ongoing and to a satisfactory standard.

I have always found Mr. D Roy Business Manager a very helpful sub contractor to liaise with and co-operative at all times when possible. Due to this reasoning I would not hesitate in employing Falcon International for future works and hope our working relationship continues for many years to come.

I hope you find this reference to your satisfaction and approval.
